Subject: Click Trade® Decommissioning

The purpose of this Market Information Circular is to advise all members that the ISE will soon discontinue the use and support of the Click Trade® application. The ISE has developed and commenced the roll-out of a new order entry platform called PrecISE Trade®. PrecISE Trade® offers all current Click Trade® functionality, as well as other enhancements such as spread crossing - order types and preferenced orders.

ISE will start to decommission Click Trade® on January 22, 2007. If you are a Click Trade® user, who does not yet have PrecISE Trade®, please contact ISE Market Operations or your Technical support team.

For more information, please contact Market Operations at 877-473-9989, or email: helpdesk@iseoptions.com.
