

MARKET INFORMATION CIRCULAR

Circular number: 2013-39 **Contact:** Dan Amar - Head of Market Operations
Date: September 25, 2013 **Telephone:** 877-473-9989

Subject: Regular Update for Opening Rotations

The purpose of this Market Information Circular (MIC) is to inform ISE and ISE Gemini members, as required by Rule 701(b)(2), of the underlying market used for the opening rotation of options trading.

Currently, both exchanges use the opening message from the primary listing market of a security as the basis for the opening rotation on all classes of options. If there is a change from using the primary listing market of a security for the opening rotation, a MIC will be distributed with the announcement.

Please contact ISE Market Operations with any questions by calling 877-473-9989, or by emailing helpdesk@ise.com.
