

Information Circular: ETFS Platinum Trust

To: Head Traders, Technical Contacts, Compliance Officers, Heads of ETF Trading, Structured Products Traders

From: PHLX Listing Qualifications Department

Exchange-Traded Fund	Symbol	CUSIP #
ETFS Physical Platinum Shares	PPLT	26922V101

Background Information on the Trust

The ETFS Platinum Trust (the "Trust") will issue ETFS Physical Platinum Shares ("Shares") which represent units of fractional undivided beneficial interest in and ownership of the Trust. ETF Securities USA LLC is the sponsor of the Trust (the "Sponsor"), The Bank of New York Mellon is the trustee of the Trust (the "Trustee"), and JPMorgan Chase Bank, N.A. is the custodian of the Trust (the "Custodian"). The Trust intends to issue additional Shares on a continuous basis.

The Shares may be purchased from the Trust only in one or more blocks of 50,000 Shares (a block of 50,000 Shares is called a Basket). The Trust will issue Shares in Baskets to certain authorized participants on an ongoing basis as described in the prospectus for the Trust. Baskets will be offered continuously at the net asset value (NAV) for 50,000 Shares on the day that an order to create a Basket is accepted by the Trustee. The Trust will not issue fractions of a Basket.

The Trust is a common law trust, formed on December 30, 2009 under New York law pursuant to the Trust Agreement. The Trust holds platinum and is expected from time to time to issue Baskets in exchange for deposits of platinum and to distribute platinum in connection with redemptions of Baskets. The investment objective of the Trust is for the Shares to reflect the performance of the price of physical platinum, less the Trust's expenses. The Sponsor believes that, for many investors, the Shares will represent a cost-effective investment in platinum.

The investment objective of the Trust is for the Shares to reflect the performance of the price of physical platinum, less the expenses of the Trust's operations. The Shares are designed for investors who want a cost-effective and convenient way to invest in platinum with minimal credit risk. Advantages of investing in the Shares include:

- **Ease and Flexibility of Investment.** The Shares will trade on the NYSE Arca and will provide institutional and retail investors with indirect access to the physical platinum market. The Shares are expected to be bought and sold on

the NYSE Arca like any other exchange-listed securities. The close of the NYSE Arca trading session is 4:00 PM New York time.

- Expenses. The Sponsor expects that, for many investors, costs associated with buying and selling the Shares in the secondary market and the payment of the Trust's ongoing expenses will be lower than the costs associated with buying and selling physical platinum and storing and insuring physical platinum in a traditional allocated physical platinum account.
- Minimal Credit Risk. The Shares represent an interest in physical platinum owned by the Trust (other than an amount held in unallocated form which is not sufficient to make up a whole plate or ingot or which is held temporarily to effect a creation or redemption of Shares). Physical platinum of the Trust in the Custodian's possession is not subject to borrowing arrangements with third parties. Other than the platinum temporarily being held in an unallocated platinum account with the Custodian, the physical platinum of the Trust is not subject to counterparty or credit risks. This contrasts with most other financial products that gain exposure to precious metals through the use of derivatives that are subject to counterparty and credit risks.

Investing in the Shares does not insulate the investor from certain risks, including price volatility.

The Trust expects to create and redeem the Shares from time to time, but only in one or more Baskets (a Basket equals a block of 50,000 Shares). The creation and redemption of Baskets requires the delivery to the Trust or the distribution by the Trust of the amount of platinum and any cash represented by the Baskets being created or redeemed, the amount of which will be based on the combined NAV of the number of Shares included in the Baskets being created or redeemed. The initial amount of platinum required for deposit with the Trust to create Shares is 5,000 ounces per Basket. The number of ounces of platinum required to create a Basket or to be delivered upon the redemption of a Basket will gradually decrease over time, due to the accrual of the Trust's expenses and the sale or delivery of the Trust's platinum to pay the Trust's expenses.

The NAV of the Trust is the aggregate value of the Trust's assets less its liabilities (which include estimated accrued but unpaid fees and expenses). In determining the NAV of the Trust, the Trustee will value the platinum held by the Trust on the basis of the price of an ounce of platinum as set by the afternoon session of the twice daily fix of the price of an ounce of platinum which starts at 2:00 PM London, England time (London PM Fix) and is performed by the four members of the London Platinum and Palladium Market (LPPM). The Trustee will determine the NAV of the Trust on each day the NYSE Arca is open for regular trading, as promptly as practicable after 4:00 PM New York time. If no London PM Fix is made on a particular evaluation day or has not been announced by 4:00 PM New York time on a particular evaluation day, the next most recent London platinum price fix (AM or PM) will be used in the determination of the NAV of the Trust, unless the Sponsor determines that such price is inappropriate to use as basis for such determination. The Trustee will also determine the NAV per Share, which equals the NAV of the Trust, divided by the number of outstanding Shares.

The Trust's only ordinary recurring charge is expected to be the remuneration due to the Sponsor ("Sponsor's Fee"). In exchange for the Sponsor's Fee, the Sponsor has agreed to assume the ordinary administrative and marketing expenses that the Trust is expected to incur. The Sponsor will also pay the costs of the Trust's organization and the initial sale of the Shares, including the applicable SEC registration fees.

Baskets may be created or redeemed only by Authorized Participants. Each Authorized Participant must (1) be a registered broker-dealer or other securities market participant such as a bank or other financial institution which is not required to register as a broker-dealer to engage in securities transactions, (2) be a participant in DTC, (3) have entered into an agreement with the Trustee and the Sponsor (Authorized Participant Agreement) and (4) have established an unallocated gold account with the Custodian or a gold bullion clearing bank (Authorized Participant Unallocated Account). The Authorized Participant Agreement provides the procedures for the creation and redemption of Baskets and for the delivery of gold and any cash required for such creations or redemptions. A list of the current Authorized Participants can be obtained from the Trustee or the Sponsor.

For more information regarding the Trust's investment strategy, please read the prospectus for the Trust.

The listing exchange, NYSE Arca, will calculate and disseminate to the consolidated tape an indicative per share value for the Shares every 15 seconds.

Shares are held in book-entry form, which means that no Share certificates are issued. The Depository Trust Company or its nominee is the record owner of all outstanding Shares of the Funds and is recognized as the owner of all Shares for all purposes.

The registration statement for the Trust describes the various fees and expenses for the Shares. For a more complete description of the Trust, visit the Trust's website at www.etfsecurities.com.

Purchases and Redemptions in Creation Unit Size

PHLX members and member organizations are hereby informed that procedures for purchases and redemptions of Shares in Creation Unit Size are described in the Trust's prospectus and SAI, and that Shares are not individually redeemable but are redeemable only in Creation Unit Size aggregations or multiples thereof.

Principal Risks

Interested persons are referred to the discussion in the prospectus for the Trust of the principal risks of an investment in the Shares. These include tracking error risk (factors causing the Trust's performance to not match the performance of its underlying security), market trading risk (for example, trading halts, trading above or below net asset value), investment style risk, sector risk, investment approach risk, non-diversification risk, commodity risk, management risk and liquidity risk.

Exchange Rules Applicable to Trading in the Shares

Trading of the Shares on PHLX's PSX system is on a UTP basis and is subject to PHLX rules.

Trading Hours

The values of any security underlying the Shares are disseminated to data vendors every 15 seconds. The Shares will trade on PSX between 9:00 a.m. and 5:00 p.m. ET. For trading during PSX's Pre-Market and Post-Market Sessions, market participants should note that additional risks may exist with respect to trading the Shares during these sessions, when the underlying security's values, intraday indicative value, or similar value may not be disseminated or calculated.

Dissemination of Data

The Consolidated Tape Association will disseminate real time trade and quote information for the Shares to Tape B.

Name	Listing Market	Trading Symbol	IOPV Symbol	NAV Symbol
ETFS Physical Platinum Shares	NYSE Arca	PPLT	PPLT.IV	PPLT.NV

Suitability

Members and member organizations recommending transactions in the Shares to customers should make a determination that the recommendation is suitable for the customer, as provided by PHLX Rule 763.

PHLX members and member organizations also should review NASD Notice to Members 03-71 for guidance on trading these products. The Notice reminds members of their obligations to: (1) conduct adequate due diligence to understand the features of the product; (2) perform a reasonable-basis suitability analysis; (3) perform customer-specific suitability analysis in connection with any recommended transactions; (4) provide a balanced disclosure of both the risks and rewards associated with the particular product, especially when selling to retail investors; (5) implement appropriate internal controls; and (6) train registered persons regarding the features, risk and suitability of these products.

Trading Halts

PHLX will halt trading in the Shares of a Fund in accordance with PHLX Rule 3100. The grounds for a halt under these rules include a halt by the primary market because the intraday indicative value of the Shares, the value of its underlying security, or a similar value are not being disseminated as required, or a halt for other regulatory reasons. In addition, PHLX will also stop trading the Shares if the primary market delists the Shares of the Trust.

Delivery of a Prospectus

PHLX members and member organizations should be mindful of applicable prospectus delivery requirements under the federal securities laws with respect to transactions in the Funds.

Prospectuses may be obtained through the Funds' website. The prospectus for the Funds does not contain all of the information set forth in the Funds' registration statement (including the exhibits to the registration statement), parts of which have been omitted in accordance with the rules and regulations of the Securities and Exchange Commission ("SEC"). For further information about the Funds, please refer to the registration statement.

In the event that the Funds rely upon an order by the SEC exempting the Shares from certain prospectus delivery requirements under Section 24(d) of the 1940 Act and in the future make available a written product description, PHLX Rule 803(o) requires that PHLX members and member organizations provide to all purchasers of Shares a written description of the terms and characteristics of such securities, in a form prepared by the Trust for the Funds, no later than the time a confirmation of the first transaction in the Shares is delivered to such purchaser. In addition, PHLX members and member organizations shall include such a written description with any sales material relating to the Shares that is provided to customers or the public. Any other written materials provided by a PHLX member or member organization to customers or the public making specific reference to the Shares as an investment vehicle must include a statement in substantially the following form: "A circular describing the terms and characteristics of the Shares of the Fund has been prepared by the Trust and is available from your broker. It is recommended that you obtain and review such circular before purchasing Shares of the Fund. In addition, upon request you may obtain from your broker a prospectus for Shares of the Fund."

A PHLX member or member organization carrying an omnibus account for a non-member broker-dealer is required to inform such non-member that execution of an order to purchase Shares for such omnibus account will be deemed to constitute agreement by the non-member to make such written description available to its customers on the same terms as are directly applicable to PHLX members and member organizations under this rule.

Upon request of a customer, PHLX members and member organizations also shall provide a copy of the prospectus.

Exemptive, Interpretive and No-Action Relief Under Federal Securities Regulations

The SEC has issued exemptive, interpretive or no-action relief from certain provisions of rules under the Securities Exchange Act of 1934 (the "Act") regarding trading in the above mentioned exchange-traded Shares.

Regulation M Exemptions

Generally, Rules 101 and 102 of Regulation M prohibit any "distribution participant" and its "affiliated purchasers" from bidding for, purchasing, or attempting to induce any person to bid for or purchase any security which is the subject of a distribution until after the applicable restricted period, except as specifically permitted in

Regulation M. The provisions of the Rules apply to underwriters, prospective underwriters, brokers, dealers, and other persons who have agreed to participate or are participating in a distribution of securities.

The SEC has granted an exemption from Rule 101 under Regulation M to permit persons participating in a distribution of shares of the above-mentioned Funds to engage in secondary market transactions in such shares during their participation in such a distribution. In addition, the SEC has granted relief under Regulation M to permit persons who may be deemed to be participating in the distribution of Shares of the above-mentioned Funds (i) to purchase securities for the purpose of purchasing Creation Unit Aggregations of Fund Shares and (ii) to tender securities for redemption in Creation Unit Aggregations. Further, the SEC has clarified that the tender of Fund Shares to the Funds for redemption does not constitute a bid for or purchase of any of the Funds' securities during the restricted period of Rule 101. The SEC has also granted an exemption pursuant to paragraph (e) of Rule 102 under Regulation M to allow the redemption of Fund Shares in Creation Unit Aggregations during the continuous offering of Shares.

Customer Confirmations for Creation or Redemption of Fund Shares (SEC Rule 10b-10)

Broker-dealers who handle purchases or redemptions of Shares in Creation Unit size for customers will be permitted to provide such customers with a statement of the number of Creation Unit Aggregations created or redeemed without providing a statement of the identity, number and price of shares of the individual securities tendered to a Fund for purposes of purchasing Creation Unit Aggregations ("Deposit Securities") or the identity, number and price of shares to be delivered by the Trust to the redeeming holder ("Redemption Securities"). The composition of the securities required to be tendered to the Trust for creation purposes and of the securities to be delivered on redemption will be disseminated each business day and will be applicable to requests for creations or redemption, as the case may be, on that day. This exemptive relief under Rule 10b-10 with respect to creations and redemptions is subject to the following conditions:

- 1) Confirmations to customers engaging in creations or redemptions must state that all information required by Rule 10b-10 will be provided upon request;
- 2) Any such request by a customer for information required by Rule 10b-10 will be filed in a timely manner, in accordance with Rule 10b-10(c);
- 3) Except for the identity, number and price of shares of the component securities of the Deposit Securities and Redemption Securities, as described above, confirmations to customers must disclose all other information required by Rule 10b-10(a).

SEC Rule 14e-5

An exemption from Rule 14e-5 has been granted to permit any person acting as a dealer-manager of a tender offer for a component security of a Fund (1) to redeem Fund Shares in Creation Unit Aggregations from the issuer that may include a

security subject to such tender offer and (2) to purchase Fund Shares during such tender offer. In addition, a no-action position has been taken under Rule 14e-5 if a broker-dealer acting as a dealer-manager of a tender offer for a security of a Fund purchases or arranges to purchase such securities in the secondary market for the purpose of tendering such securities to purchase one or more Creation Unit Aggregations of Shares, if made in conformance with the following:

- 1) such bids or purchases are effected in the ordinary course of business, in connection with a basket of 20 or more securities in which any security that is the subject of a distribution, or any reference security, does not comprise more than 5% of the value of the basket purchased; or
- 2) purchases are effected as adjustments to such basket in the ordinary course of business as a result of a change in the composition of the underlying index; and
- 3) such bids or purchases are not effected for the purpose of facilitating such tender offer.

Section 11(d)(1); SEC Rules 11d1-1 and 11d1-2

Section 11(d)(1) of the Act generally prohibits a person who is both a broker and a dealer from effecting any transaction in which the broker-dealer extends credit to a customer on any security which was part of a new issue in the distribution of which he participated as a member of a selling syndicate or group within thirty days prior to such transaction. The SEC has clarified that Section 11(d)(1) does not apply to broker-dealers that are not Authorized Participants (and, therefore, do not create Creation Unit Aggregations) that engage in both proprietary and customer transactions in Shares of the Fund in the secondary market, and for broker-dealer Authorized Participants that engage in creations of Creation Unit Aggregations. This relief is subject to specific conditions, including the condition that such broker-dealer (whether or not an Authorized Participant) does not, directly or indirectly, receive from the fund complex any payment, compensation or other economic incentive to promote or sell the Shares of a Fund to persons outside the fund complex, other than non-cash compensation permitted under NASD Rule 2830(l)(5)(A), (B) or (C). (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.) The SEC also has taken a no-action position under Section 11(d)(1) of the Act that broker-dealers may treat Shares of a Fund, for purposes of Rule 11d1-2, as "securities issued by a registered open-end investment company as defined in the Investment Company Act" and thereby extend credit or maintain or arrange for the extension or maintenance of credit on Shares that have been owned by the persons to whom credit is provided for more than 30 days, in reliance on the exemption contained in the rule.

SEC Rule 15c1-5 and 15c1-6

The SEC has taken a no-action position with respect to Rule 15c1-5 and Rule 15c1-6 as to the required disclosure of control by a broker or dealer with respect to creations and redemptions of Fund Shares and secondary market transactions therein. (See [letter](#) from Catherine McGuire, Chief Counsel, SEC Division of Market Regulation, to Securities Industry Association, Derivative Products Committee, dated November 21, 2005.)
